

# COVID-19 INFORMATION FOR CAMP/COTTAGE OWNERS

Public health officials advise Ontarians to stay home as much as possible to prevent the spread of COVID-19. When people do go out, they must take steps to maintain physical distancing.

## If you must travel to your camp/cottage or second residence, follow these guidelines:

- **Do not travel** if you or any of your family members require medical care or have symptoms of COVID-19.
- **Do not use** local health providers, unless it is an emergency.
- If you or anyone with you begins to feel ill or experiences COVID-19 symptoms, return home immediately.
- In the event of a medical emergency requiring transportation, be sure you can contact local authorities at 911.
- Purchase or bring provisions from home. If you must go out, use businesses with curbside pick-up or delivery if possible and maintain 2 metres of physical distancing at all times.

### Tips for staying healthy:

- Travel with immediate family members who live with you.
- Do not visit others outside of your immediate family.
- Practice physical distancing. Maintain a **two-metre distance** from all those who do not reside in your household.
- Wash your hands frequently and thoroughly.
- Take required prescription drugs and medical supplies with you.
- Avoid tasks that may result in injury.

**Distance matters.  
Protect yourself and the  
community.**
