

THE CORPORATION OF THE MUNICIPALITY OF HURON SHORES

Application to Amend the Official Plan ☐
Application to Amend the Zoning By-law ☒

PLEASE READ BEFORE COMPLETING THIS APPLICATION

This application reflects the mandatory information that is prescribed in the Schedules to Ontario Regulations 543/06 and 545/06 made under the Planning Act, RSO, 1990, as amended. In addition to completing this form, the Applicant shall be required to submit the appropriate fee, a detailed site plan and any additional information or studies that may be necessary to assess the proposal.

Failure to submit the required information will delay the consideration of this Application. An application which is not considered complete under the Planning Act is not subject to the timelines of the Act. Applicants are encouraged to consult with the Municipality prior to completing the application.

Please Print and Complete or (✓) Appropriate Box(es)

Date of Application August 12th, 2026

1. Applicant Information

1.1 Name of Owner(s). An owner's authorization is required in Section 13 if the applicant is not the owner.		
Name of Owner(s) Lyle MacDonald & Aileen Kerr	Home Phone No.	Business Phone No. N/A

16. Site Plan

A site plan shall be submitted with this application that provides the following information:

- ☒ The boundaries and dimensions of the subject land;
- ☒ The location size and type of all existing and proposed buildings and structures on the subject land, indicating their distance from the front lot line, the rear lot line, each side yard lot line and the shoreline of any water body, where applicable;
- ☒ The approximate location of all natural and artificial features such as railways, roads, water body, drainage ditches, wetlands, wooded areas, wells and septic tanks, all easements, flood plain, organic (muck) soils or leda clay;

(Note: these features must be shown for both the subject land and on any adjacent lands where these features may affect the application.)

- ☒ The current uses of land that is adjacent to the subject land.
- ☒ The location, width and name of any roads within or abutting the subject land indicating whether it is an unopened road allowance, a public road, a private road or a right-of-way
- ☒ If access to the subject land will be by water only, the location of the parking and docking facilities to be used.
- ☒ North arrow and scale

17. Applicant's Posting Instructions:

In order to facilitate consideration of your Application for Official Plan and/or Zoning Amendment, we ask that you complete the following upon submission of the application to the Municipality:

- ☐ Post a clearly visible sign approximately 14" x 18" bearing your name, your application number (to be provided by the Municipality), the lot and concession number, and Plan number (if available);
- ☐ This sign to be located on the main access side of your property, preferably where your driveway accesses onto a main road, and the middle of your shoreline frontage, if possible.

You may be required to submit a copy of the Deed for the subject land. If access is provided by private road/right-of-way from a municipal road, attach a copy of the deed indicating if the access is registered on the title.

Your application will not be processed until it is deemed to be complete. To expedite the processing of your application please ensure it is complete upon submission. Incomplete applications will be returned for your re-submission. We will not hold incomplete applications in our office.

Project No. 243058

Lyle Macdonald
1428 Dean Lake Road

RE: Survey Services for Confirmation of Geodetic Elevations – 1428 Dean Lake Road North, PIN 31621-0242

Dear Coleen,

In accordance with your instructions, we are pleased to confirm completion of the field and office involvement essential in completing a confirmation of Geodetic Elevations for the above property.

During the course of our field survey investigations on October 25th, 2024, we were able to determine the elevation of various points of interest on the above site. The elevations were measured via GPS observations and verified using the Ontario Cosine information and Precise Point Positioning (PPP) service.

Information was collected from two independent observations via the PPP service. Additionally, we verified the elevations relative to three different published First Order Vertical Benchmarks found on the Ontario Cosine service.

Furthermore, we ran a vertical level loop to confirm the elevations on site of the Site Benchmark and the corner of the septic tank on the above property.

The following are the Geodetic (CVGD 28) elevations of the requested features

- | | |
|---|----------|
| - Corner of the septic tank | 178.655m |
| - Site benchmark (a rock bar) set in the rock near the beach | 177.720m |
| - Ground elevation beside the wood stake closest to the lake | 178.296m |
| - Ground elevation beside the wood stake furthest from the lake | 178.610m |

Note that these elevations are based upon our field crew's observations on October 25th, 2024. Tulloch cannot guarantee the elevations of the wood stakes after we left the site.

Thank you for the opportunity to provide you with this service, and should you have any questions or require any additional information, please do not hesitate to contact us.

Sincerely yours,

Kevin H. Brown, O.L.S., B. Eng
Project Manager

- A - existing building footprint
- B - proposed reconstruction footprint ($\approx 34' \times 36'$) includes steps in front (note)
- C & C' - existing Algoma Health Unit approved septic tank (C) & bed (C')
- D - "high water mark as shown on CK212" plan survey
- E - distance septic tank to new build; 1.5m
- F - distance from new build to absorption trenches 5m
- G - distance existing structure to property boundary 7.6m
- distance of proposed structure to property boundary 7.6m
